SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- Breezy north winds will mix with already cold midnight temperatures to make for a chilly beginning of 2016 in Northern California. Wind chill factors will make midnight temperatures in the mid-30s throughout the Central Valley feel like the mid-20s. Some mountain town wind chills will drop into the single digits or even close to zero.
- Hard Freeze and Freeze Warnings are in effect through this morning along the North Coast down through the Central Coast.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Dry and cold conditions will continue through Saturday. An offshore low pressure system will produce precipitation across the North Coast Sunday into early next week.

Medford Weather:

At least 20 observation stations are reporting temperatures below zero this morning. Tonight, there will be less wind, but the dry and cold air mass will remain in place with temperatures at or below the readings seen this morning.

Reno Weather:

Temperatures will remain below average into the weekend. Conditions will be quite cold especially in the Tahoe Basin and eastern Sierra. Valley inversions will develop Friday through Sunday. Systems may begin to undercut the upper ridge by the middle of next week for our next chance at precipitation.

San Francisco Weather:

A ridge of high pressure along the coast will provide another day or two of mostly clear skies with cool temperatures. By later in the weekend, rain chances return as a more progressive and wet pattern develops.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Conditions will be dry and cool today. A few weak weather systems will bring light rain/mountain snow Saturday night and Sunday night. More impressive valley rain and mountain snow with warming temperatures and rising snow levels much of next week.

Hanford Weather:

Dry weather will continue through the weekend with seasonably cool afternoons and cold nights. A succession of storm systems tracking eastward from the Pacific will bring wet weather to much of the Central California interior next week.

SOUTHERN CALIFORNIA:

Los Angeles weather:

Moderate offshore winds will persist through this afternoon. A change in the weather pattern is expected early next week. A series of frontal systems will bring increased cloud coverage with rain and mountain snow possible late Sunday into Monday and likely Tuesday into Wednesday tapering off on Thursday before another storm is possible late next week.

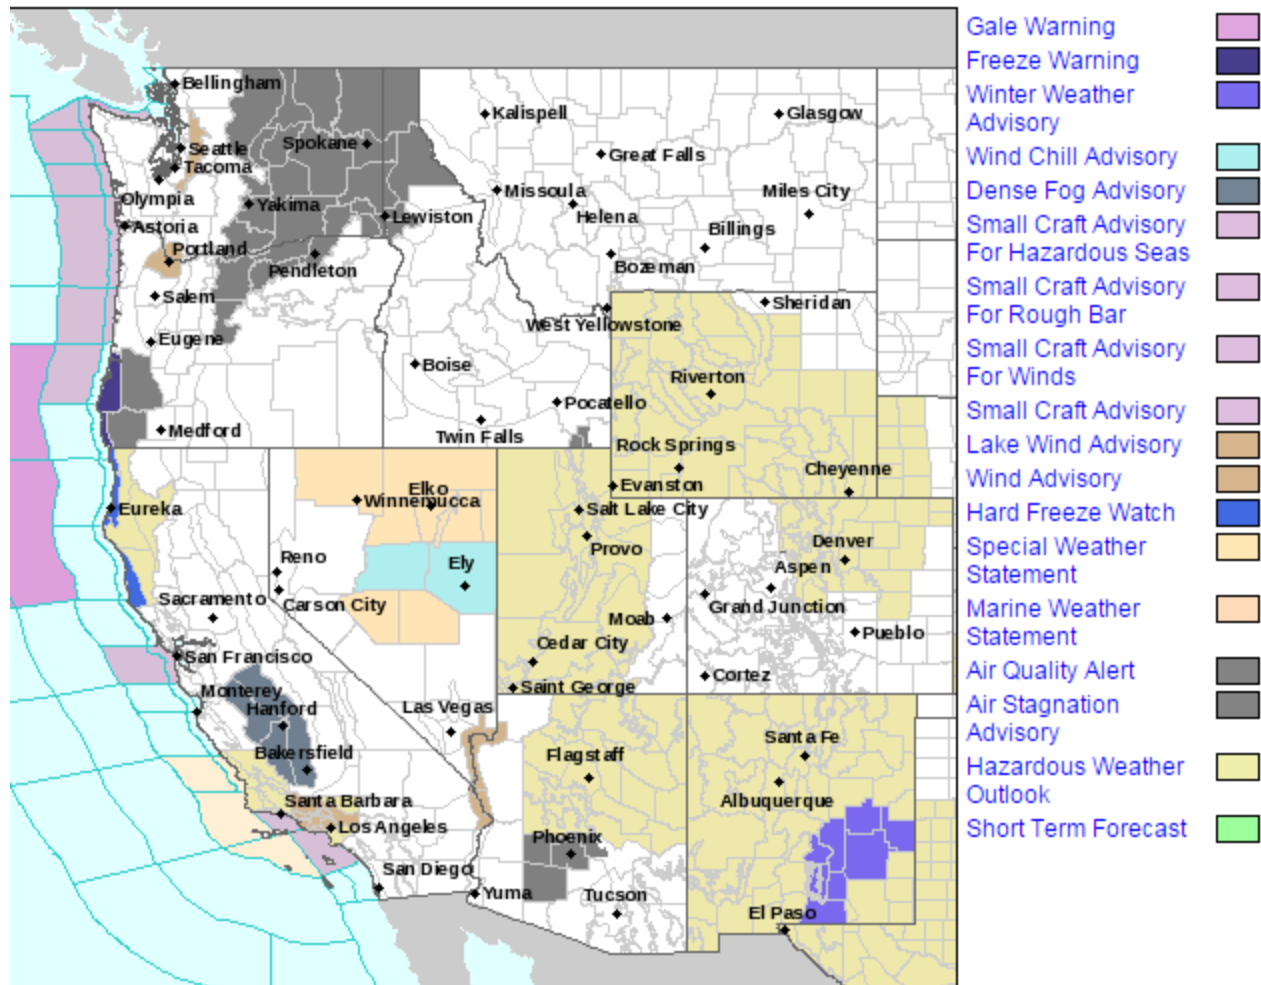

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Surface high pressure over the Great Basin will continue to force offshore flow across Southern California through Sunday under fair skies with seasonal temperatures. Winds will be on the gusty side below the Cajon Pass and the Santa Ana mountains through this morning. High clouds will begin to thicken on Sunday ahead of a Pacific trough that may bring some light rain for Sunday night into Monday. Some drying is likely for Tuesday then a series of Pacific storms will bring periods of rain and mountain snow for the remainder of the week.

Southeast California Weather:

Quiet weather and a gradual warming trend are in store through Sunday. The first full week of 2016 looks wet and unsettled as a series of Pacific storm systems pass by beginning on Monday. Precipitation chances are then expected to increase during the week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New / Closed Cal OES Law Missions

- **2015-LAW-20690** – El Dorado County Sheriff requested a high altitude hoist capable helicopter and Nordic SAR team from Placer County to assist with rescuing a male that fell into a chute on the south side of Maggie's Peak. Coordinates were N38.9315660 W120.11183. The male fractured his leg. Ground teams were attempting to reach him, but due to conditions on the ground, a helicopter hoist was the best option for recovery. AFRCC was advised as well as Placer County Sheriff Nordic Team. EDSO contacted Douglas County Nevada Sheriff Nordic team based on an MOU. AFRCC was unable to locate federal assets for this mission and contacted CANG. CANG accepted the mission with a helicopter from Mather. CANG coordinated with LDO on the mission. UPDATE AS OF 1745: Hiker was located and airlifted from the mountain by CANG and flown to SLT airport for ground transportation to Barton Memorial Hospital in good condition. 1930 Hours, all SAR mutual aid resources were off the mountain and released. **MISSION CLOSED.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
